

# What's the weather like?

1) Read. Match the text to the country.

- 1) Well, it rains a lot, more in the north than in the south. The south is warmer than the north, but Britain isn't usually hot. It always snows in the north of the country in the winter and usually the south too. Winter is December, January and February and it is really cold sometimes. Spring and autumn are very windy and, as I said, it rains a lot!
- 2) We have 4 seasons. In the summer, from December to March, it's hot and humid. The autumn is sometimes quite cold and windy. Around June, it starts to snow. On the South Island, it gets very cold and very icy. Winter is my favourite season because I love skiing! The spring is lovely. It's usually warm with lots of rain. That's why New Zealand is so green!

2) Match.

- 1) In Great Britain, winter is from  
2) In New Zealand, winter is from

- a) December to March  
b) June to August
